

2 Man Best Ball

This tournament is a season long event played as a 2-man best ball match play single elimination event. Each team is comprised of two golfers. Those two golfers play their own golf balls throughout and the lower net score between them on each hole counts as the team score.

To determine the handicaps, the four golfers (two per side) compare course handicaps. Who has the lowest? That golfer plays off scratch, and the other three reduce their course handicaps by the same amount. If the four-course handicaps in the match are, for example, 3, 9, 16 and 22, then the 3-handicapper plays off scratch (0) and the other three course handicaps are reduced by three (becoming, in this example, 6, 13 and 19).

The matches are to be played at Dretzka if possible. If not, then a mutually agreed upon course. The white tees will be used unless all players agree on an alternate tee box. Each match is played for 18 holes to determine a winner. If tied after 18 holes, extra holes will be played until one team wins a hole.

It is the responsibility of each team to contact the other team as soon as possible to schedule the time for the match. After the match is complete it is the winning team's responsibility to notify the tournament director of their victory. Then determine the next opponent and contact them to schedule the match.

The matches must be completed by the first of the following months.

1st round by June 1st

2nd round by July 1st

3rd round by August 1st

Semi Finals by September 1st

Finals by October 1st

Any matches not completed by the above date will be determined by the tournament director by forfeit or coin toss. Schedule the matches early to get them completed on time.
